Dear Mr Goosen

I wish to acknowledge the endorsement of the Mahurangi Community of Learning's achievement challenges and to congratulate you on the progress you have made.

I know that a great deal of hard work went into collaboratively developing these challenges, and that they represent a significant step towards all learners in your community realising their full potential.

I warmly commend your efforts, and acknowledge the commitment you and your teachers have made to working together to boost achievement for our children and young people.

By collaborating and sharing expertise, you will be better able to support children and young people's learning pathways and improve their transition through our education system.

This is important work which is designed to lift the learning of all teachers and have impact on your students' achievement and life outcomes. I look forward to seeing the progress made, and celebrating your young people's success in the future.

Sincerely
