Matakana School Grounds

Dear Parents, Caregivers and Whanau

The Matakana School Gala has been around for many years, some say over 30 years now. It is a tradition in the Matakana community during Labour Weekend and in the past has raised in the vicinity of \$30K to \$50K for our school.

We hold this annual event to **raise funds for our school** - to top up the budget deficit and to be able to provide additional facilities and activities which are not possible with the government funding we receive. Previous fundraising events have helped us to upgrade our Information Centre, our school hall, provide new books and technology, heat the swimming pool, netball courts, running track, new play grounds and more.

Who makes this event happen annually? **Parents/caregivers, teachers/staff, students and our community pitch in and make it the success it is.** It is truly a community effort and one we can be proud of.

The Gala team have reviewed your feedback from the 2016 Fundraising Survey and along with the steady decline in donated goods, the following **new initiatives** are being put in place this year.

- Focus is on fun, food and family
- A new start and finish time - 10am to 2pm.
- Reduction/combination of stalls (e.g. electrical and baby donations will be spread amongst other stalls).
- More 'old school' games and activities and far less outside entertainment operators.
- More yummy food options and far less outside food operators.
- An introduction of zero-wasting to our event.

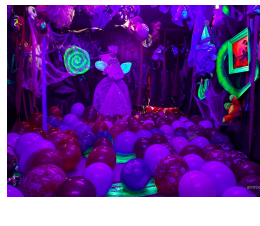

These changes can be implemented with your support. We appreciate any time you can give to Gala, every little bit counts. If you would like to share your ideas or join the Gala team in one of the roles overleaf, please email events@matakana.school.nz or chat to Helena in the school office. This is your school Gala and your input is valued.

Kind regards

Darrel Goosen
Principal
